

NYS NEMSIS 3.5.0 | Educational Snip #2024-009

eScene.09, .10, .15, .17, .18, .19, .21, &.22

Q: How are scene fields documented under NEMSIS 3.5?

NYS has worked to decrease the amount of validation rules resulting in failures; however, scene fields are vital for accurate documentation and system assessment.

The DI unit has noticed many validation failures due to the Incident City field. This snip describes the scene fields that are required.

Incident Location Type (eScene.09)

Validation Rule for ALSFR & Transporting Agencies 2622

The list of location types is below.

- **Private residence**
- **Nursing home**
- **Public area (not otherwise specified)**
- **Street/road/highway**
- **Urgent care**
- **Hospital**
- **Doctor's office**
- **Apartment/condo**
- **Industrial/construction area**
- **Institutional residence**

- **Airport**
- **Military installation**
- **Mobile home**
- **Other ambulatory care**
- **Recreational area, (not otherwise specified)**
- **Clubhouse**
- **Gym**
- **Prison/jail**
- **Store**
- **Public building**
- **Park**
- **Religious institution**
- **School dorm**
- **Pool**

Incident Facility Code (eScene.10)**Validation rule for ALSFR & Transporting Agencies 2835**

NYS has required codes for hospitals and skilled nursing facilities that are required for care transported to or from one of these facility types. Each facility name/label might appear different based on your software vendor, or your agencies needs.

Incident Street Address (eScene.15)**Validation rules for BLSFR and ALSFR & Transporting Agencies 2623, 2624, 2625, 2626**

Not values are not accepted for this field.

If the secondary address is filled out without the primary address line being completed, the validation will fail.

Incident City (eScene.17)**Validation rule for BLSFR and ALSFR & Transporting Agencies 2627, 2628**

Required when a unit responding to scene time is documented.

Not values are not accepted for this field.

Incident State (eScene.18)**Validation rule for BLSFR and ALSFR & Transporting Agencies 2727, 2728**

Required when a unit responding to scene time is documented.

Not values are not accepted for this field.

Incident Zip (eScene.19)**Validation rule for BLSFR and ALSFR & Transporting Agencies 2629, 2630**

Required when a unit responding to scene time is documented.

Not values are not accepted for this field.

Incident County (eScene.21)**Validation rule for BLSFR and ALSFR & Transporting Agencies 2631, 2632**

Required when a unit responding to scene time is documented.

Not values are not accepted for this field.

Incident Country (eScene.2)**Validation rule for BLSFR and ALSFR & Transporting Agencies 2725, 2726**

Required when a unit responding to scene time is documented.

Not values are not accepted for this field.
